Landscape Design

Every great space begins on paper.

This is where it all starts. Our designers translate the way you want to live outdoors into a complete, custom plan — grading, plantings, hardscape, and lighting considered together as one cohesive environment.

Using 3D design software, we let you walk through your project before a single stone is set. Expert plant selection ensures year-round color and structure that matures beautifully for decades.

WHAT'S INCLUDED

- 3D renderings
- Custom master plan
- Plant expertise
- Before & after

Landscaping Services

Designed to impress. Maintained to last.

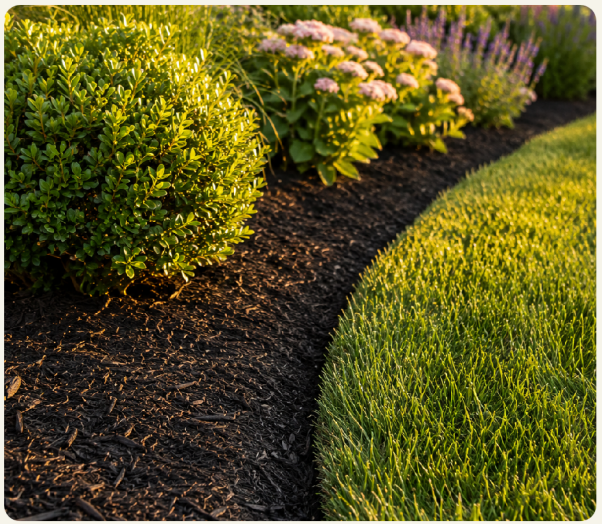

From full-scale planting and sod installation to seasonal color and ongoing care, D2 is your complete outdoor partner. We install the landscape — then keep it looking its best season after season.

Fresh mulch, healthy turf, and rotating seasonal displays keep your property polished year-round. It's the difference between a yard that was done once and one that always looks its best.

WHAT'S INCLUDED

- Planting & sod
- Mulching
- Seasonal color
- Ongoing maintenance

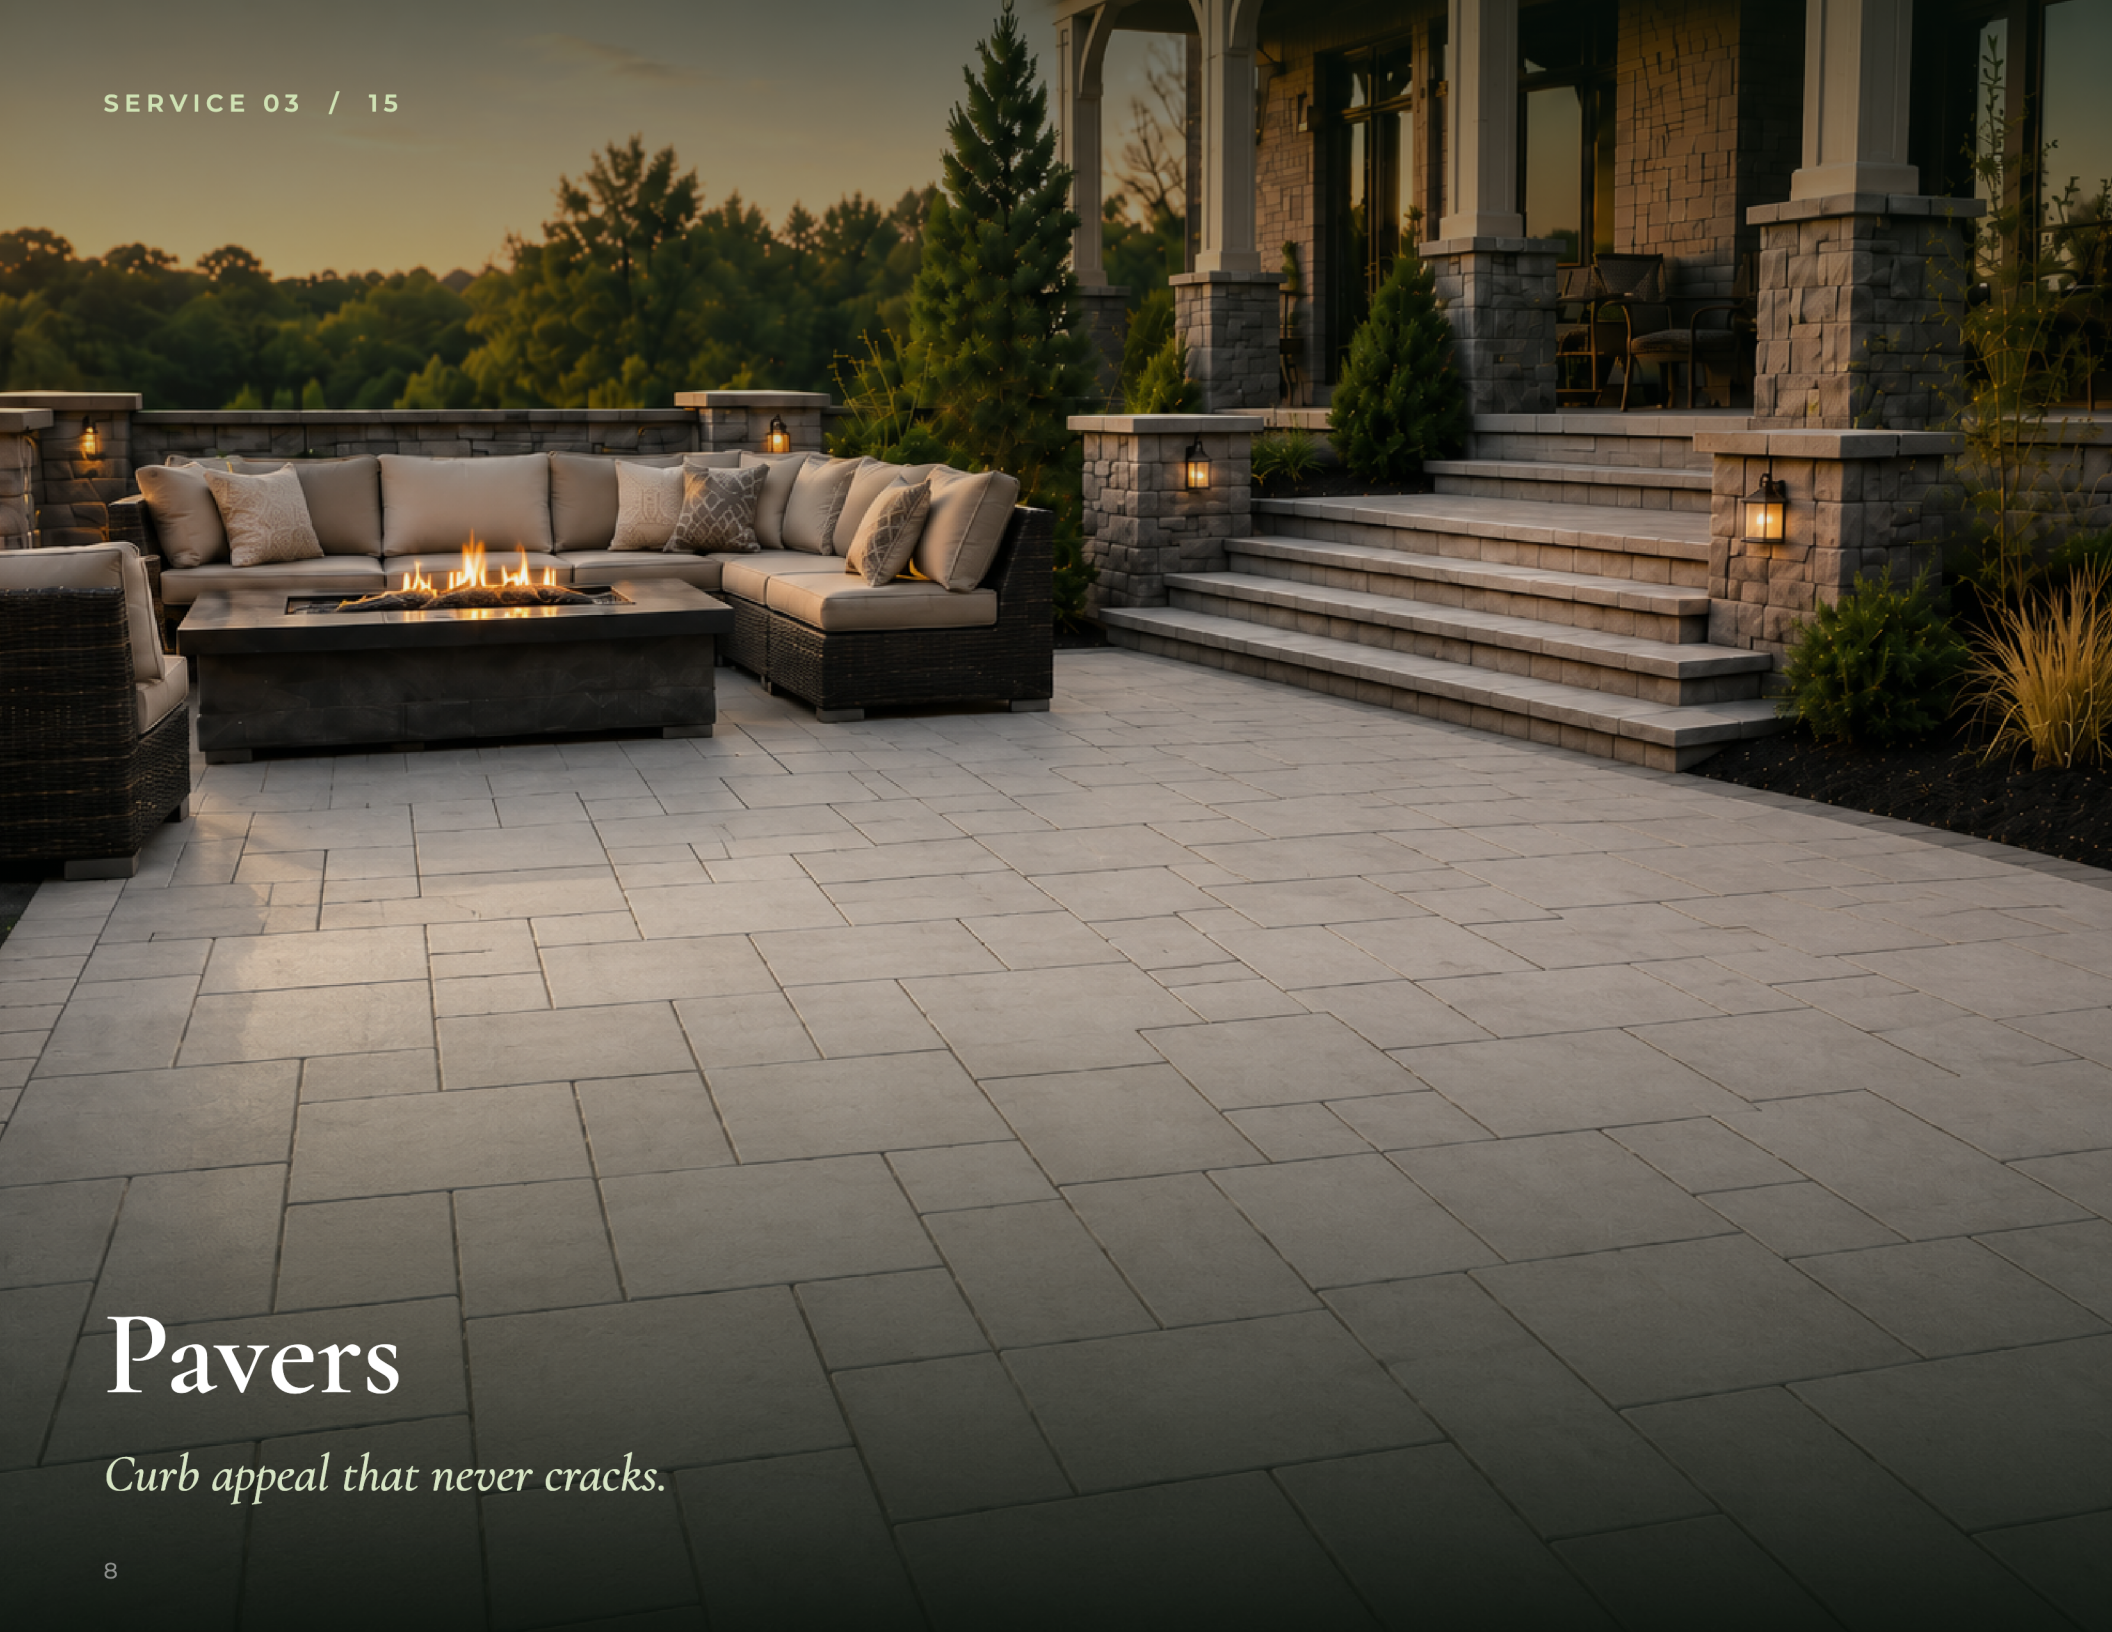

Let us maintain the investment you made.

Pavers

Curb appeal that never cracks.

Paver driveways, patios, and walkways deliver instant elegance and lasting durability. Unlike poured concrete, pavers flex with the ground, resist cracking, and can be individually repaired — so your investment stays flawless for years.

With an enormous range of styles, colors, and laying patterns, we tailor every surface to complement your home's architecture and the surrounding landscape.

WHAT'S INCLUDED

- Driveways
- Patios
- Walkways
- Custom patterns

Retaining Walls

Turn a slope into a destination.

Retaining walls solve real problems — drainage, erosion, and awkward grade — while adding structure and beauty to your property. We turn unusable hillsides into level, functional outdoor living space.

Engineered for strength and finished for style, our walls integrate seamlessly with steps, plantings, and patios to make the whole landscape feel intentional.

WHAT'S INCLUDED

- Grade solutions
- Drainage
- Tiered systems
- Integrated steps

Turn your sloped yard into usable space.

Outdoor Kitchens

The heart of the home, moved outside.

The most-requested outdoor upgrade for a reason. A custom D2 outdoor kitchen extends your living and entertaining space into the open air — built around how you actually cook, host, and gather.

Built-in grills, refrigeration, prep counters, and durable stone finishes are designed as one with your patio and surroundings, creating a true room without walls.

WHAT'S INCLUDED

- Built-in grills
- Refrigeration
- Stone counters
- Bar & seating

Fire Features

Gather here, long after sunset.

Fire pits and outdoor fireplaces create the gathering places people remember. They extend your outdoor season into cool evenings and give every backyard a natural focal point and warmth.

Choose the ease of gas or the ambiance of wood, in custom masonry designs with integrated seating that fit your space and style perfectly.

WHAT'S INCLUDED

- Fire pits
- Fireplaces
- Gas or wood
- Integrated seating

Add a fire feature to your outdoor space.

Water Features

Bring the sound of water home.

A water feature transforms a backyard — creating ambiance, masking street noise, and drawing the eye to a living focal point. From ponds to pondless waterfalls, we build them to look like they've always belonged.

Fountains, streams, and cascades are engineered for easy care and year-round enjoyment, adding a sense of calm no other element can.

WHAT'S INCLUDED

- Ponds
- Pondless falls
- Fountains
- Streams

Imagine the sound of water in your backyard.

Irrigation

Water that works while you rest.

A beautiful landscape is only as healthy as the water that feeds it. D2 designs smart, zoned irrigation into every project from day one — never as an afterthought — so your lawn, beds, and specimen plantings each get exactly what they need.

Programmable controllers adjust automatically with the seasons and weather, protecting your investment while lowering your water bill. Monitor and fine-tune the entire system from your phone, anywhere.

WHAT'S INCLUDED

- Smart controllers
- Zoned coverage
- Drip & pop-up
- Seasonal auto-adjust

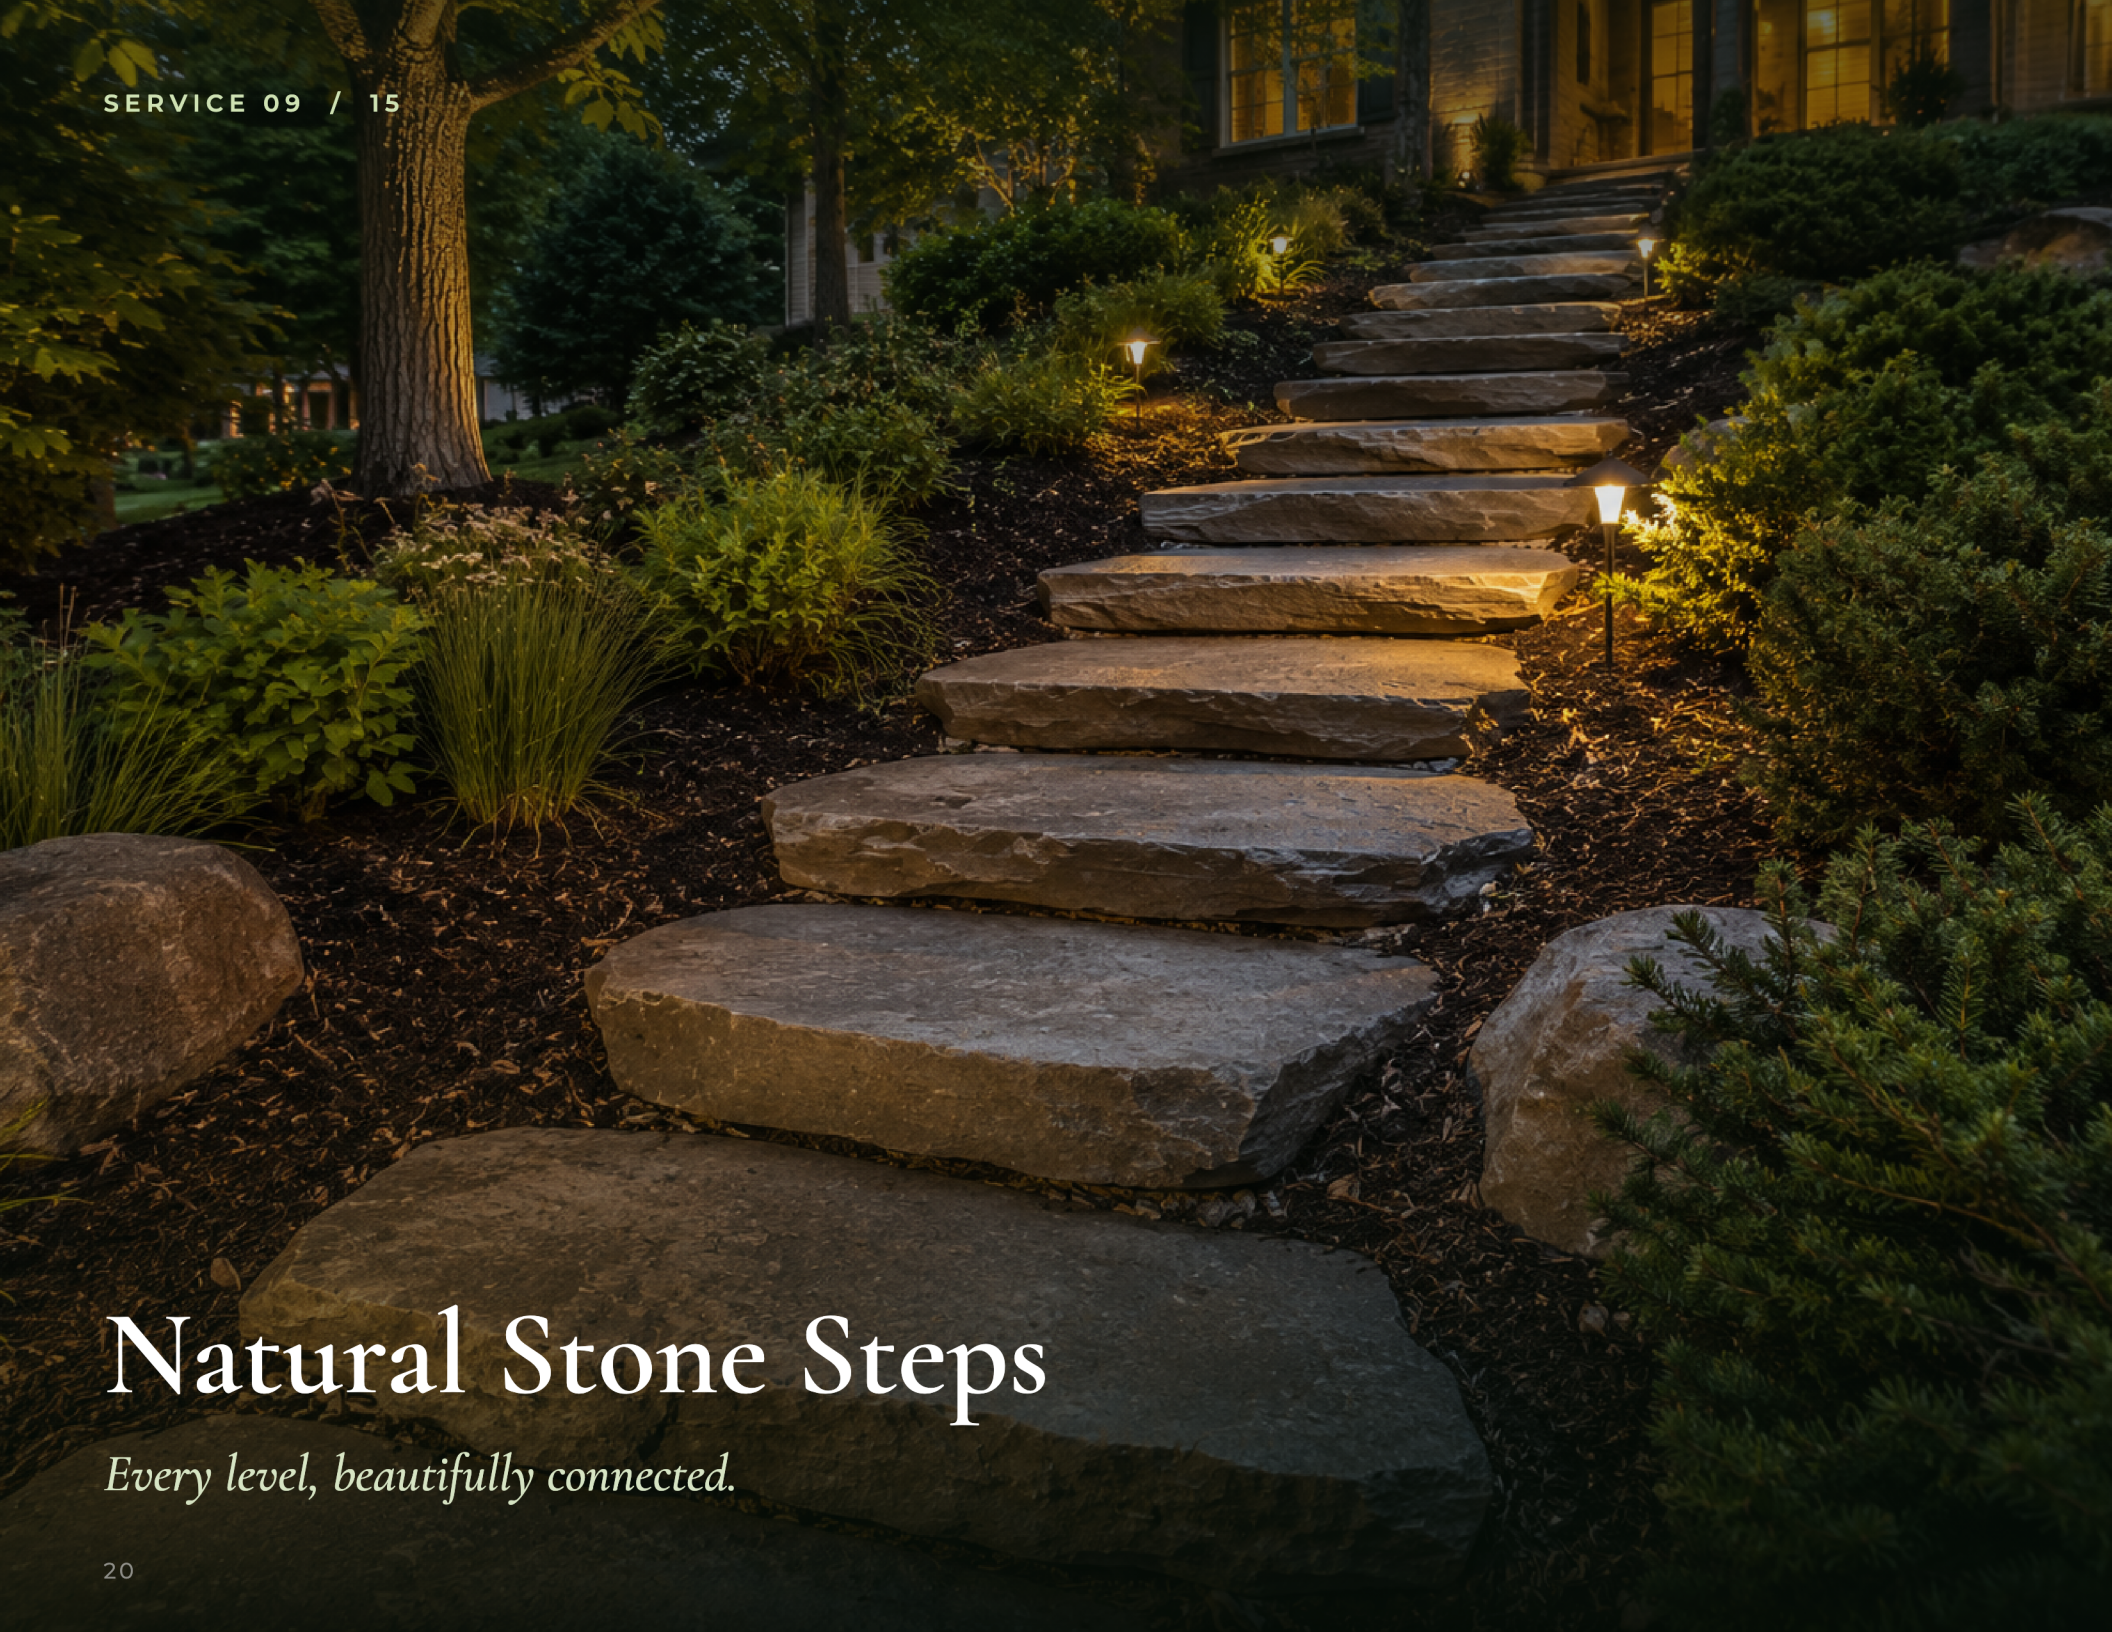

Ask about a smart irrigation system.

Natural Stone Steps

Every level, beautifully connected.

Natural stone steps move you through the landscape safely and gracefully. Custom-cut and hand-set, each step is both a functional passage and a sculptural detail.

Rustic irregular slabs or clean dimensional treads — we match the stone to your home and grade, connecting terraces, gardens, and entries with timeless character.

WHAT'S INCLUDED

- Custom-cut stone
- Slab treads
- Safe transitions
- Rustic or refined

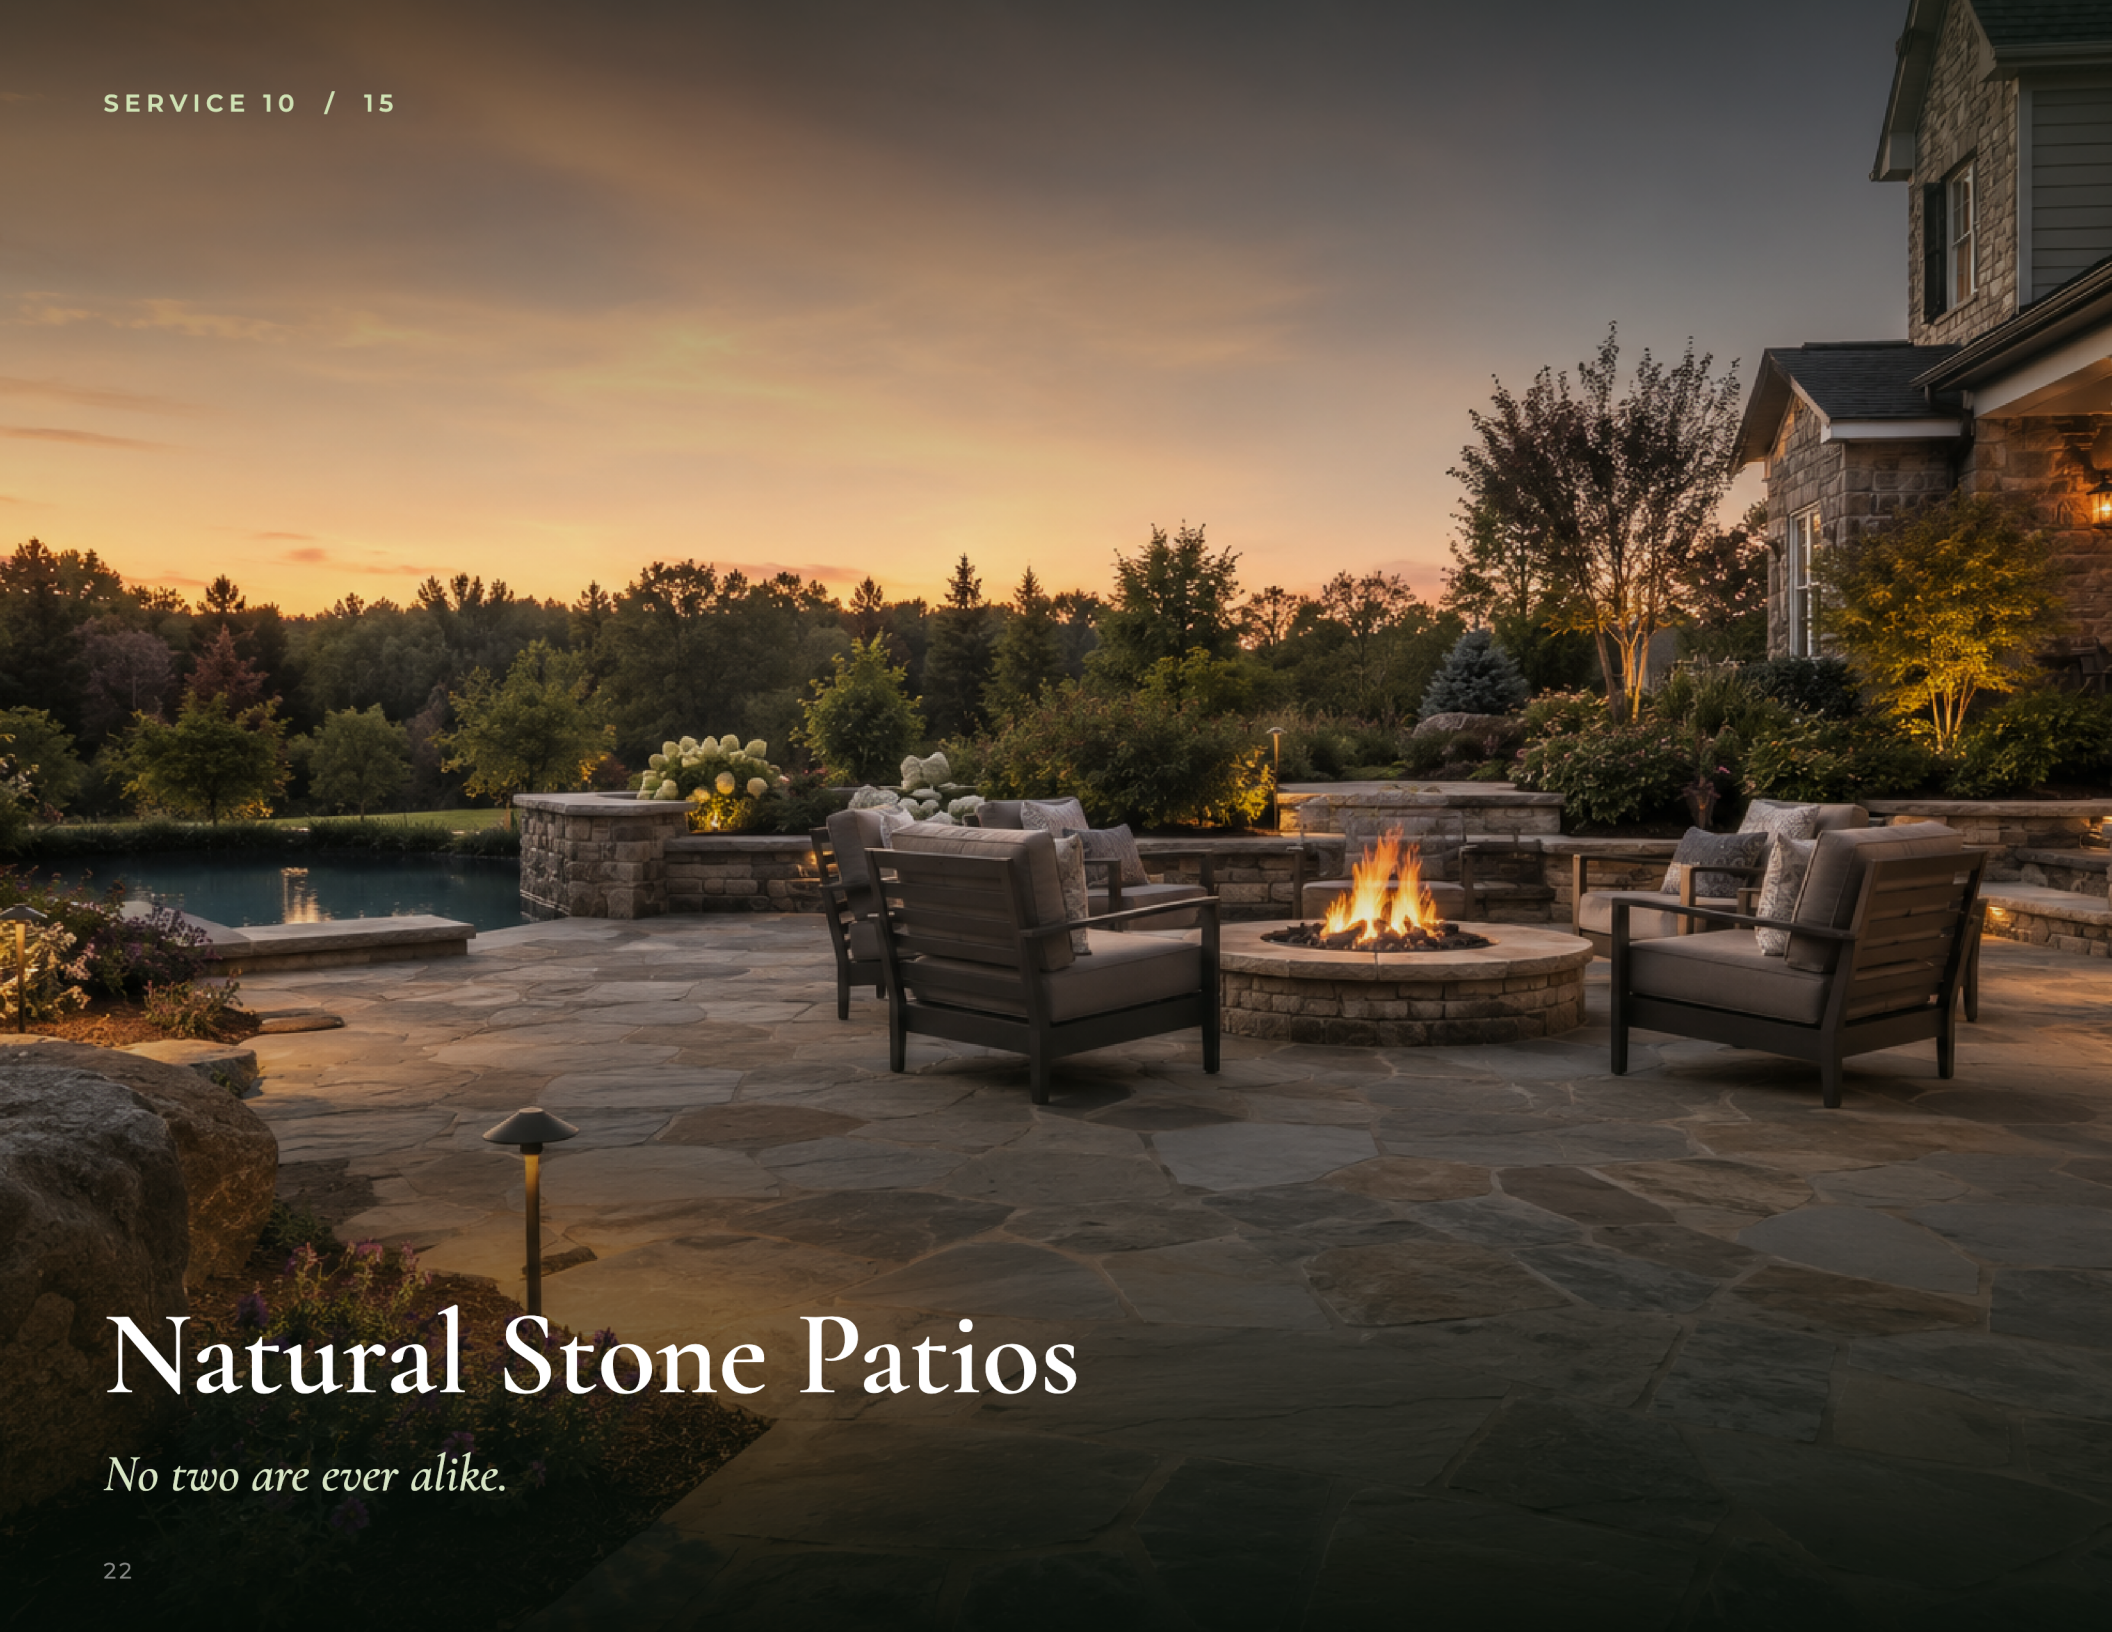

Replace concrete with stone that lasts a lifetime.

Natural Stone Patios

No two are ever alike.

Natural stone patios feel premium in a way manufactured pavers simply can't replicate. Flagstone, bluestone, and limestone each bring their own character, color, and texture to your outdoor room.

Durable, distinctive, and organic, a natural stone patio ages gracefully and blends effortlessly into the surrounding landscape — a one-of-a-kind surface for a one-of-a-kind home.

WHAT'S INCLUDED

- Flagstone
- Bluestone
- Limestone
- Irregular or cut

No two natural stone patios are alike.

Boulder Walls

Like the land always looked this way.

Boulder walls bring a natural, organic strength to wooded and rolling properties. Set with care and scale, they control erosion and hold grade while looking as though nature placed them herself.

Paired with native plantings, a boulder wall gives a landscape the settled, timeless feel of a place that has always been there.

WHAT'S INCLUDED

- Erosion control
- Grade retention
- Naturalistic
- Native plantings

A landscape that looks like it was always meant to be.

Natural Stone Walls

Timeless structure, built to outlast.

Dry-stack, mortared, or veneer — natural stone walls add architecture and permanence to a property. Use them as garden walls, raised beds, property borders, or elegant accents.

Hand-built from quality stone, they carry a sense of craftsmanship and endurance that outlasts every other material, tying your hardscape together beautifully.

WHAT'S INCLUDED

- Dry-stack
- Mortared
- Veneer
- Raised beds

Stone walls that outlast every other material.

Landscape Lighting

See your property in a new light.

Landscape lighting reveals your home's best features after dark and adds real security and safety. Uplit trees, glowing pathways, and accented hardscape turn your property into something magical at night.

Our low-voltage LED systems are energy-efficient, beautifully understated by day, and dramatic after sunset — extending the hours you enjoy your outdoor space.

WHAT'S INCLUDED

- LED systems
- Path lighting
- Tree uplighting
- Security & ambience

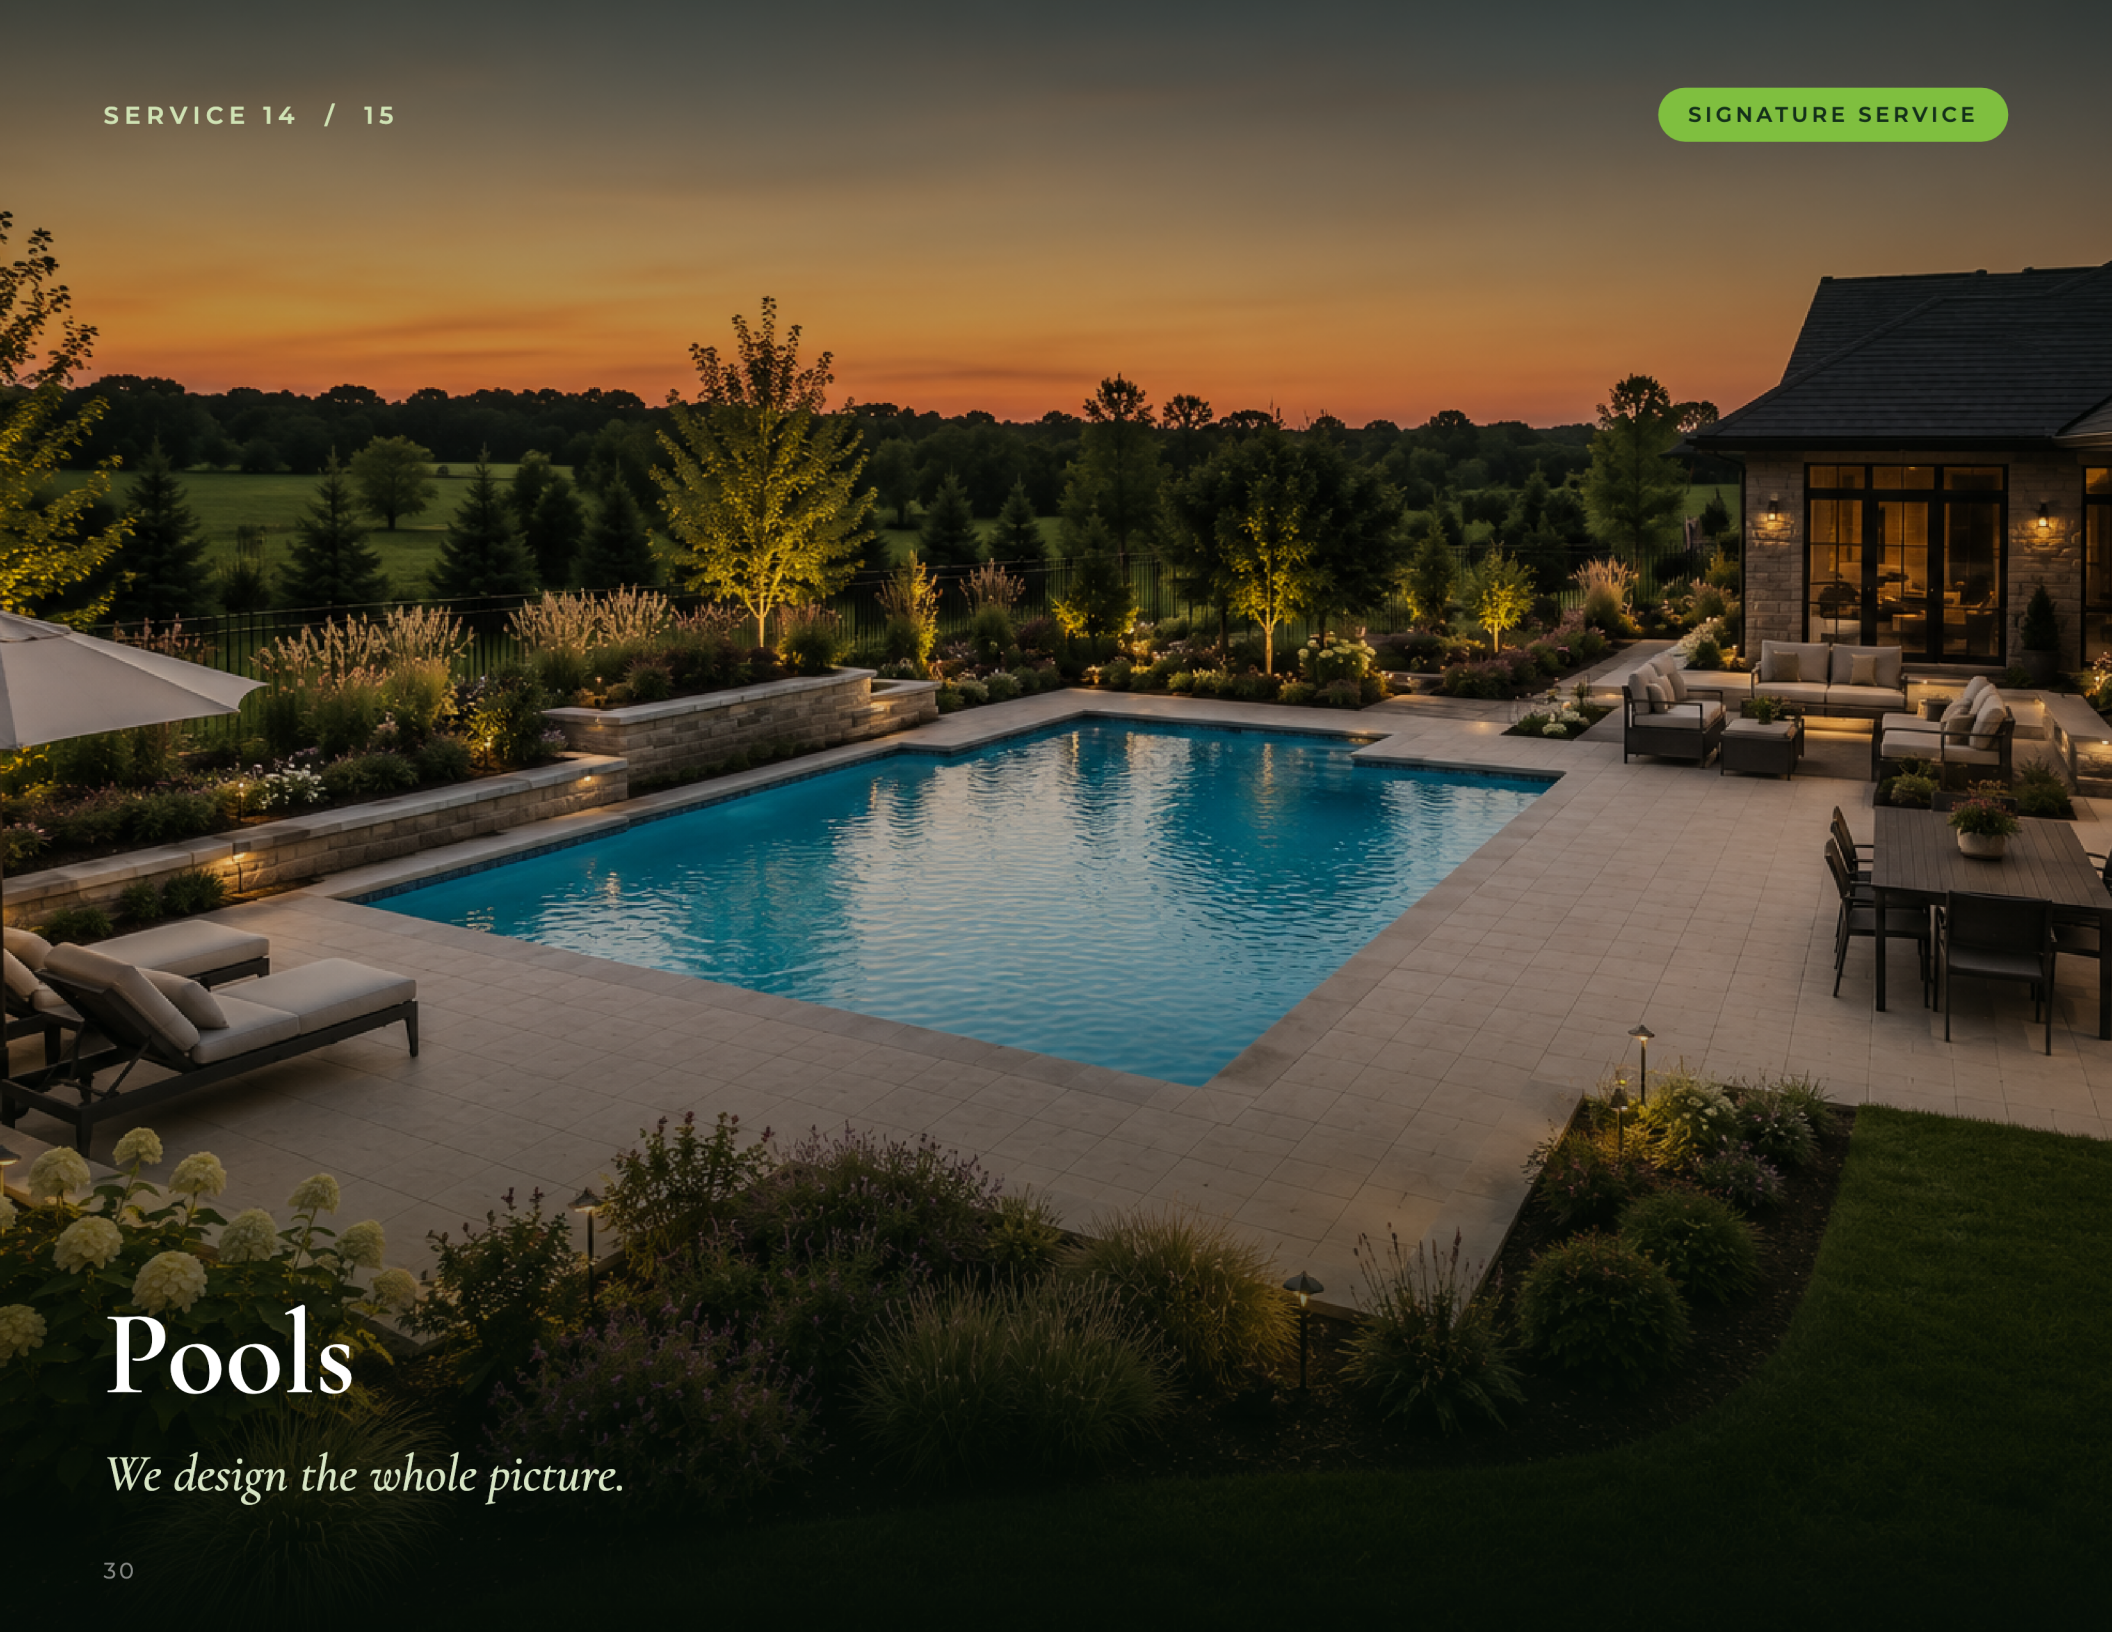

See your property in a whole new light.

Pools

We design the whole picture.

A pool is the centerpiece of a complete outdoor living system — and D2 designs the entire environment around it, not just the water. Decking, plantings, lighting, and living spaces come together as one.

The result is a seamless backyard resort where the pool, patio, and landscape feel inseparable, purpose-built for how your family relaxes and entertains.

WHAT'S INCLUDED

- Pool-side decking
- Full integration
- Landscape & lighting
- Living spaces

Let us design the whole picture, not just the pool.

Covered Roofs & Outdoor Rooms

A room you never want to leave.

Pergolas, pavilions, and louvered roof systems turn a patio into a true outdoor room — usable in shade, in rain, and across every season. They're the element that makes the space livable all year.

Built over kitchens, lounges, and dining areas and finished with lighting and fans, a covered structure is where your outdoor living finally becomes everyday living.

WHAT'S INCLUDED

- Pergolas
- Pavilions
- Louvered roofs
- All-season use

Turn your patio into a room you never want to leave.
